

Audacious - OLD, PLEASE USE GITHUB DISCUSSIONS/ISSUES - Feature #1092

Reread metadata on play option

April 28, 2021 18:28 - Artem S. Tashkinov

Status:	New	Start date:	April 28, 2021
Priority:	Minor	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Affects version:	4.1		
Description			
After adding files from the disk Audacious seems to never reread them even if the underlying file and its metadata have changed. That's very inconvenient.			
Ways to approach this issue:			
<ul style="list-style-type: none">• Either unconditionally reread and parse them no matter what (OS cache will help anyways)• Reread tags only if file size or file modification time has changed (this will not be reliable but will work for 99.99% of cases)			

History
