default 'Audacious OSD' settings

June 02, 2012 09:14 - gymka gymka

Status:	Closed	Start date:	June 02, 2012
Priority:	Minor	Due date:	
Assignee:		% Done:	100%
Category:	plugins/aosd	Estimated time:	0.00 hour
Target version:	3.2.4		
Affects version:	3.2.3		
Description Default settings it's not logical: 1. background = black text color = black so i can't see text, i see only black box...(i don't have full transparency option) 2. timing all times set to 0, it's too fast. if i look to center of the screen i won't have time to read that is say. imho default animation timing should be 1000, 1000, 1000
