

Audacious - Feature #1195

Ability to copy filepath in Song Info dialogue

October 06, 2022 22:55 - Daniel Bedrenko

Status:	Rejected	Start date:	October 06, 2022
Priority:	Minor	Due date:	
Assignee:		% Done:	0%
Category:	libaudqt	Estimated time:	0.00 hour
Target version:	4.3		
Affects version:	4.2		

Description

Hello, thank you for this great media player! A constant pet peeve of mine is that the the "Copy" action on the filepath of a song copies it as an escaped URI instead of simply copying the filepath as it is shown.

<https://i.imgur.com/hlNknBZ.png>

So instead of it copying to clipboard:

```
~/Music/chiptune/keygenmusic/KEYGENMUSIC MusicPack/TFT/TFT - Feeding Frenzy 2 crk.xml
```

it copies:

```
file:///home/danb/Music/chiptune/keygenmusic/KEYGENMUSIC%20MusicPack/TFT/TFT%20-%20Feeding%20Frenzy%20%20crk.xml
```

Which cannot be used with any basic shell commands or file managers. It's even worse with non-latin characters!

If someone does indeed have a want for the URI, we could support both ways by making the filepath selectable text widget, i.e. you can highlight the filepath with the cursor and copy it.

History

#1 - October 07, 2022 21:05 - Thomas Lange

- Target version set to 4.2.1
- Status changed from New to Rejected
- Category set to libaudqt
- Affects version 4.2 added
- Affects version deleted (4.2.1)

This has already been reported as [#1174](#). The next release will contain the fix.

#2 - February 06, 2023 21:04 - John Lindgren

- Target version changed from 4.2.1 to 4.3
