Audacious - OLD, PLEASE USE GITHUB DISCUSSIONS/ISSUES - Bug #1211

Seeking to the end of a FLAC file can cause playing it from the beginning with current time doubling

April 21, 2023 05:57 - Igor Kushnir

Status:	Closed		**Start date:**	April 21, 2023
Priority:	Minor		**Due date:**	
Assignee:			**% Done:**	0%
Category:	plugins/flac		**Estimated time:**	0.00 hour
Target version:	4.3.1			
Affects version:	4.2			

Description

Steps to reproduce:
1. Download this FLAC file: https://ufile.io/4bmesoer
2. Add the file to a playlist in Audacious and start playing it.
3. Click at the end of the current song progress bar.

Actual results:
1. The file is played from the start.
2. The current time displayed goes to double the track's length. For example, it goes through the bogus point 12:10/9:35.

Expected results:
1. The file stops being played.
2. If so configured, the next file's playback begins.

Note: the bug affects many FLAC files, but less than half of the files I have tested.

History

#1 - April 26, 2023 00:08 - Thomas Lange

Fixed, the issue was easily reproducible with the sample file. Thanks for reporting.

#2 - April 26, 2023 00:09 - Thomas Lange

- Status changed from New to Closed

- Category set to plugins/flac

#3 - April 29, 2023 21:21 - Thomas Lange

- Target version set to 4.3.1
