

Audacious - OLD, PLEASE USE GITHUB DISCUSSIONS/ISSUES - Bug #153

Missing things for CoverGloobus support (MPRIS)

July 28, 2012 14:11 - Markus H.

Status:	Closed	Start date:	July 28, 2012
Priority:	Minor	Due date:	
Assignee:		% Done:	100%
Category:	plugins/mpris2	Estimated time:	0.00 hour
Target version:			
Affects version:	3.2.4		
Description <p>Since CoverGloobus didn't work correctly with Audacious 3, I reported this to the CoverGloobus devs [1]. They seem to have managed getting some things fixed for version 3 but they can't get any further because "Audacious is not exposing 'Position' and 'mpris:length' properties via org.freedesktop.DBus.Properties interface" [1]. So it looks like those things are missing in the MPRIS implementation.</p> <p>[1] https://bugs.launchpad.net/bugs/1028815</p>			

History

#1 - July 28, 2012 20:40 - John Lindgren

mpris:length and Position are both exposed on my system (3.3 final):

```
~ qdbus org.mpris.MediaPlayer2.audacious /org/mpris/MediaPlayer2 org.freedesktop.DBus.Properties.Get org.mpris
.MediaPlayer2.Player Metadata
mpris:artUrl: file:///tmp/audacious-temp-7MILIW
mpris:length: 245806000
mpris:trackid: /org/mpris/MediaPlayer2/CurrentTrack
xesam:album: What I Wanted To Say
xesam:artist: Marie Bellet
xesam:title: Your Own Little World
~ qdbus org.mpris.MediaPlayer2.audacious /org/mpris/MediaPlayer2 org.freedesktop.DBus.Properties.Get org.mpris
.MediaPlayer2.Player Position
44360000
```

#2 - July 28, 2012 20:55 - John Lindgren

- % Done changed from 0 to 100
- Affects version 3.2.4 added
- Affects version deleted (3.3-beta2)

From the CoverGloobus bug report, it looks like the devs have only tried 3.2.4. Audacious 3.3 has better MPRIS2 support, as mentioned in the release announcement [1]. Closing.

You're absolutely right! Sorry for the bother.
