| Target version: | 3.3.2 | | |
| Affects version: | 3.3.1 | | |
| Description | | | |
| The autoconf check for mp3lame within audacious-plugins has a mistake within the AC_CHECK_LIB() macro. The -lm library is in the wrong spot and should be specified in the 5th field (other libraries) which is to specify additional libraries when linking to mp3lame. | | | |
