

Audacious - OLD, PLEASE USE GITHUB DISCUSSIONS/ISSUES - Feature #281

RFE: Release tarballs with updated config.* files for aarch64 support

April 22, 2013 10:24 - Michael Schwendt

Status:	Closed	Start date:	April 22, 2013
Priority:	Minor	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	3.4		
Affects version:	3.4-beta1		

Description

<https://bugzilla.redhat.com/925050>
<https://bugzilla.redhat.com/925051>

The config.guess and config.sub files in the Audacious source tarballs are from end of 2009. Newer releases of the Autotools, in particular Autoconf 2.69 with Automake 1.13 (which includes the config.* files) contain new support for targets such as aarch64 (ARM64).

It would be great, if the next official release could include newer config.* files.

History

#1 - April 23, 2013 00:43 - John Lindgren

- Status changed from New to Closed
- Target version set to 3.4
- % Done changed from 0 to 100
