Audacious - OLD, PLEASE USE GITHUB DISCUSSIONS/ISSUES - Bug #405

Invisible repeat button with Ivory and Osmosis skin

February 17, 2014 23:10 - Thomas Lange

Status:	Closed		**Start date:**	February 17, 2014
Priority:	Minor		**Due date:**	
Assignee:			**% Done:**	100%
Category:	plugins/skins		**Estimated time:**	0.00 hour
Target version:	3.5			
Affects version:	3.4.3			

Description

The repeat button of the *Ivory* skin is invisible.
Strangely *Osmosis* (*Ivory* inverted) is not affected.

Screenshot attached.

History

#1 - February 17, 2014 23:18 - Thomas Lange

- Subject changed from Invisible repeat button with Ivory skin to Invisible repeat button with Ivory and Osmosis skin

This is getting even more confusing.

After a restart the button is invisible for one of the two skins.
If the other skin is selected, the button gets visible.
And the restart changes all again.

#2 - February 18, 2014 05:38 - John Lindgren

This is a regression from the fix for [#299](#299).

The fix was not taking effect consistently; now it is:
https://github.com/audacious-media-player/audacious-plugins/commit/1cb8af47cbcb81308e3418feb702af7cd7b35221

So now the Ivory and Osmosis skins are consistently broken. :/

#3 - February 18, 2014 05:53 - John Lindgren

- Status changed from New to Closed

- Target version set to 3.5

- % Done changed from 0 to 100

Fixed by moving repeat and shuffle buttons to the left 5 pixels. Since actual Winamp 2 skins don't have a skin.hints file, I don't think we need to support displaying widgets partially outside the window boundary (and they would be a headache to support because of [#299](#299)).
