[gtkui] Hide or update info popup when playlist is scrolled

January 12, 2012 04:22 - John Lindgren

Status:	Closed		**Start date:**	January 12, 2012
Priority:	Minor		**Due date:**	
Assignee:	Michał Lipski		**% Done:**	0%
Category:	plugins/gtkui		**Estimated time:**	0.00 hour
Target version:	3.3			
Affects version:	3.3			

Description

Having the info popup available in GTKUI is great. Right now, however, the popup is only updated when the mouse pointer moves. The song that should be shown in the popup (i.e. the row under the mouse pointer) can also change when the playlist is scrolled (either with the mouse scroll wheel or the keyboard). It would be nice to have the popup updated or at least hidden when this happens.
