Target version:			
Affects version:	3.6.1		

Description

Hi,
I'm George and I saw this bug.
It happened with 2 different encoders, one which I use is Lame XP.
The problem is with FLAC level 7 and 8 at compression level, 48khz I use.

Other than this it works great.
I would like also to see CD covers in the black banner is possible, also to resize it on height to heva the CD cover.

George

Please attach an example file.

#2 - May 06, 2015 20:57 - George Nistor

- File 09 BWV 1048.flac added

#3 - May 06, 2015 20:59 - George Nistor

I added a file.
I got Crash in the Windows Audacious 3.6.1 on Windows 8.0, all updates till .net 4.5.2.

George

- Status changed from New to Rejected

The file plays fine on Arch Linux. The Windows crash was already reported as [#523](#).
