

Audacious - OLD, PLEASE USE GITHUB DISCUSSIONS/ISSUES - Bug #661

When empty, "Artist column" is filled in with the folder name

August 29, 2016 23:15 - Ludovico Ferdinando

Status:	Rejected	Start date:	August 29, 2016
Priority:	Minor	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Affects version:	3.8		
Description			
Then a track doesn't have metadata, Audacious Qt uses the folder name to fill in the "Artist" column. This is bad behavior because just works as expected if you keep that track in a folder named after the artist of that specific track. If they are in a "Jazz" or "Podcasts" folder, those words will be used as the artist names and submitted to Last.fm through the scrobbler plugin.			
Audacious Qt 3.8 beta 2

When*, not then.

#2 - August 29, 2016 23:29 - Ludovico Ferdinando

I've found and unchecked the "guess missing metadata" option. You can close this issue. Sorry.
