Description The new track list has a very poor user-experience. There are many features it will be nice. Some of them: Allow choose the columns to show (like the old 2.x series) Allow columns to be draggable to change their order http://redmine.audacious-media-player.org/issues/10 Make column titles clickable allowing to change the sort order http://redmine.audacious-media-player.org/issues/8 Allow playlist columns to be resized http://redmine.audacious-media-player.org/issues/19 Thank you for your efforts and for making one of the best audio player ever! ;)
