| **Affects version:** | 3.9 | | |

**Description**

Audacious-qt shows only skin list but no skins preview.
It is inconvenient.
Gtk version shows skins preview.

*- Status changed from New to Rejected*

The Qt version of the Winamp interface is not finished yet.  Submitting bug reports for the missing features won't get them done any faster, but if you'd like to help, you can work on them yourself and submit pull requests through GitHub.
