

Audacious - OLD, PLEASE USE GITHUB DISCUSSIONS/ISSUES - Bug #961

--disable-libarchive not working properly

April 10, 2020 04:01 - Audacious User2

Status:	Closed	Start date:	April 09, 2020
Priority:	Minor	Due date:	
Assignee:		% Done:	100%
Category:	libaudcore	Estimated time:	0.00 hour
Target version:	4.1		
Affects version:			
Description			
Debian sid, git current as of April 9. If I try to build audacious with --disable-libarchive, the build will fail with a bunch of errors in archive_reader.cc (regardless of whether libarchive-dev is installed) meson/ninja has the same issue. I can provide more details if needed
