Seems the bug only happens when i use the backported patches

<https://github.com/audacious-media-player/audacious-plugins/commit/62c2250a220d55767b9944bf149fce3fde4617f0>
<https://github.com/audacious-media-player/audacious-plugins/commit/58cdd6e126c4ef7fa65621b77890daf7bdfd545c>

mentioned in <https://redmine.audacious-media-player.org/issues/953>

but without the patches the functionality to play selected songs when ENTER is pressed doesn't work anymore
